- ◆ Students - thank you for the time and effort you have afforded the concert over the past 10 weeks.

Trauma Informed School Community - Professional Learning

Gabrielle Evans from School Focussed Youth Serviced provided staff with two sessions on being a Trauma Informed School Community. It was fascinating to hear how many of our day-to-day interactions/behaviours can influence a child's development. We learnt that children require 6 core strengths to cope with traumatic experiences:

1. Attachment
2. Self-regulation
3. Affiliation
4. Awareness
5. Tolerance
6. Respect

Robotics at Cheltenham Secondary College

On Friday the 1st of September 4 students (Christos S, Timmy K, Mischa K and Eleni S) went to Cheltenham Secondary College to participate in the Digital Technologies Spectacular Workshop which focused on Coding Makeblock Mbots which could be programmed using a program extended off popular coding website Scratch- ScratchX. They used the extension to guide them through courses such as making the Mbot go in a straight line, which was hard because one motor was stronger than the other. Another was to make the Mbot travel in a square, triangle and figure eight, and then afterwards an obstacle course.
