

CHILD SAFETY – PROMOTE PARTICIPATION AND EMPOWERMENT OF CHILDREN

Standard 7

Description

Clarinda Primary School ensures children feel safe and comfortable in reporting concerns or allegations of abuse.

Clarinda Primary School has simple and accessible processes that help children understand what to do if they want to report abuse, inappropriate behaviour or concerns for their safety.

All staff have an awareness of children's rights and adults' responsibilities regarding child abuse.

How Clarinda Primary School promotes participation and empowerment of children:

- We provide children with child-appropriate and accessible information about what child abuse is, their rights to make decisions about their body and their privacy, that no one has a right to injure them, and how they can raise concerns about abuse. Information is included in welcome packs, information sessions and posters, as well as on websites and social media. We have 'Life Education' van visit the school Bi – annually, their programs include safety for students issues.
- We ensure information and processes for reporting concerns are accessible to all children.
- We have access to professionals to translate information (including information about children's rights, child safe policies, statements of commitment and reporting and response procedures) into relevant community languages, including relevant Aboriginal and Torres Strait Islander children languages.
- We gather feedback from children, for example survey, focus groups, circle time, about whether they would feel safe and taken seriously if they were to raise concerns, and we then implement improvements based on this feedback.
- We enable children to express their views and make suggestions on what child safety means to them, and on child safe policies, reporting and response procedures, and acknowledge and act upon these where possible. For example, views are gathered through suggestion boxes, feedback sessions, emails or surveys.
- We ensure services are accessible for people with a disability, for example provide appropriate communication aids such as hearing loops, provide access to DET psych / Speech specialists, outsource specific cases to agencies – OnPsych, Family Life, Oz Child, DHHS etc.
- We would ensure Aboriginal and Torres Strait Islander children were accepted when identifying as Aboriginal and Torres Strait Islander children, and that staff and volunteers would understand appropriate responses to children identifying as Aboriginal and Torres Strait Islander children.
- Encourage participation and empowerment of children in other organisational activities, such as organisational planning and decision-making. For example – Student Leadership positions, Assembly presentations, Student Leadership Conferences, 'Junior Mayors' forum, student forums, SRC
- We raise awareness in the community about children's rights, through staff conversations with families and communications such as websites, newsletters, Information Evenings, Parent Teacher meetings, School Council, Parents & Friends etc.

By successfully implementing these strategies, Clarinda Primary School ensures:

- reporting procedures for when a child feels unsafe are accessible for all children
- children understand what child abuse is, and their rights (age appropriate)

- children understand how to report an allegation of abuse or concern for their safety to the organisation, a trusted adult and external bodies (for example, the police)
- children feel safe, empowered and taken seriously if they raise concerns
- children feel empowered to contribute to the organisation's understanding and treatment of child safety
- children's reports of concern are responded to appropriately
- staff understand how to empower children and encourage their participation.
