

Term 2 2021

Language Department News

Term 2 has been a very productive term for all students. We commenced the term with baking. They were given the opportunity to make their own biscuits, dye eggs and learn about traditional dishes that are shared amongst different cultures. The students continued their learning with the focus on Greek travel. The students in Grades 5/6 designed their own passports thereby consolidating their language by completing information on their passport. A number of language games were used, such as 'Word Wall' to assist the students with their learning. The Enrichment students in Grades 5/6 had the opportunity to explore Greek traditional dancing. The students in Grades 3/4 looked at travel through the lens of the seasons and the clothing worn during these seasons. The Grade 1/2 students focused on the places they were travelling to and learning the language structures that are associated with 'Where am I going?'. The Foundation students focused on different shapes and how to creatively use the shapes to make an aeroplane.

The students who attend After School Greek have looked at different artists and art mediums. They are working towards exhibiting different pieces of Art in our Art Show that will be held in Term 3.

Furthermore, we would like to thank all the students who participated in remote learning and to all the parents who supported and encouraged their child to undertake learning online.

Thank you to our language captains for distributing Language Certificates to the students and to the recipients of these certificates who have contributed exceptionally, displayed initiative and demonstrated excellent behaviour during language classes.

It is pleasing to see that a number of our Enrichment students are returning their homework weekly. Please make sure that your child brings their homework on the day of their Greek lesson.

We hope you all have a safe and wonderful break and we look forward to Term 3.

Ms Meny Zapantis and Rosey Xenofontos
