Important Information

Homework

This term, students are expected to be **reading** every night and recording the title and pages read in their Diary on the Reading Log page.

For **Maths** students are also expected to complete **3 tasks** from the 'My Numeracy' on **Essential Assessment**. In addition they will be given an oral **speech** to prepare of a biography of a famous person.

Interschool Sport

We are looking forward to some friendly competition this term with Amsleigh, Huntingdale and Oakleigh Schools. Students will be playing either AFL 9's, Soccer, Netball or Volley Stars! Training and matches will take place on Friday mornings. We look forward to the Gala Day later this term.

Science

This term our overarching question is:

What are structural adaptations and how do they help animals survive?

Unit overview

This unit explores the fascinating, structural adaptations of animals. This unit uses a wide range of informative texts to help students develop their understanding of how adaptations help animals survive. Students will engage in skills such as questioning, research and drawing, writing explanations and designing and creating their own animals.

Tissues

Our tissue supplies are running low, If you have not contributed a box this year, your help in adding to our supply would be greatly appreciated.

Mobile Phones

Please remember that mobile phones are not allowed at school. If your child requires a phone, it needs to be handed into the office in the morning and can be collected at home time.
